Capt. Lawrence Houston, General Counsel
Strategic Services Unit, War Department
Room 209, Central Building
25th and E Street N.W.
Washington, D. C.

Dear Capt. Houston:

Pursuant to our telephone conversation of 19 April 1946, I inclose a copy of the report of the Senate Special Committee on Atomic Energy on S. 1717 and a copy of that bill as reported to the Senate. I have marked sections of the bill which I believe were suggested by Mr. Warren or were at least inserted in the bill with his approval. As I have been unable to obtain a draft of the specific amendments proposed by him and as there has been no transcript of his testimony before the Committee published, this is merely a matter of impression.

I have had some difficulty in obtaining copies of the bill and report and therefore was unable to mail them to you on Monday as promised.

Sincerely yours,

WILLIAM H. WEST JR.
Captain, GSC
